

# Beyond the Drain – a FREE educational tour at Peacehaven Wastewater Treatment Centre

**We are excited to be holding teacher only sessions across the summer term.**

Each session will provide an opportunity for teachers to come along and see how a tour and workshop at Peacehaven could help to bring learning to life for your pupils in the 2024-2025 academic year.

Our free educational school tours run every Thursday for KS2 and KS3, with a KS4 tour being added later this year. The tour and accompanying workshop have **direct links to the National Curriculum for Science, Geography and PSHE/ Citizenship.**

Each teacher only session will:

- Last for approx. 45-60 mins
- Provide you with a part tour (we don't want to give it all away!)
- Provide an opportunity to see for yourself what we cover and how it links to the curriculum.
- Provide information on the adjustments we can make to ensure inclusivity for all pupils.
- Provide information on our travel bursaries.
- Provide refreshments available alongside time for Q&A.
- Provide an opportunity to make a provisional booking for 2024-2025
- Give each teacher attending a free goody bag to take away!

Why not book on to one of our free sessions and **come along to Peacehaven, in person**, to find out more.

**All attendees must book as there are limited spaces on each session for H&S purposes.  
Please note we cannot accommodate children at these sessions.**

**Please click on the link below to register for your chosen date and time:**

**Once you have registered you will receive a confirmation email with further details  
on how to get to Peacehaven and what to wear!**

For further information on all of Southern Water's educational resources take a look here
