Celebrate water throughout the year with Southern Water's free New Wave education programme:

**WASTEWATER QUEST (KS1 & KS2) OPERATION PURE FLOW (KS2)**

An interactive virtual tour of a wastewater treatment works, followed by Operation Pure Flow, where pupils investigate mixtures and filtration.

**WATER DETECTIVES (KS2)**

Explore the water cycle by solving The Case of the Missing Water Drop. This lesson includes an interactive map of your local area to help identify key water features.

**WATER PROTECTORS (KS1 & KS2)**

An assembly that explores sustainable ways to protect our local water, encouraging school-wide conservation pledges. A follow-up KS2 lesson trains pupils in water saving strategies.

**BEYOND THE DRAIN TOUR & SLOW THE FLOW WORKSHOP (KS2)**

A wastewater treatment works tour and workshop that explores the wastewater system and tests the permeability of materials for sustainable drainage systems.

**OUR RIVER, OUR WATER (KS1 & KS2)**

Southern Water, in partnership with local river trusts, offers free river workshops on the Isle of Wight and across Hampshire, Kent, and Sussex.
